Subject: FW: Planning Consultation Request for case ref: 26/0706

Hi Lydia,

The provided Tree Protection plan does not comply with BS 5837, It needs to show the categorisation, RPA etc and then demonstrate that there is room to install the complaint fencing and still undertake the development works (I.e. scaffolding).

It is recommended they employ a Tree Consultant as the may be future documentation required such as Arb Impact Assessments and Method Statements.

In addition a ongoing watching brief will be required during the development which needs to be signed off by a Arb qualified/competent person.

Cofion Cynnes / Kind Regards,

Richard Baron
