Hello,

We would anticipate that the development requires the following

For recycling

6 x 1100 litre bins for cans plastic and paper and card

3 x 660 litre bins for glass

3 x 240 litre bins bin for food waste

For General waste:

6 x 1100L euro bins required for general waste

We note the presence of a bin store - bin stores should be large enough to accommodate bins as well as allow for manoeuvrability.

Supplementary planning guidance on waste and recycling to show storage and collection requirements can be downloaded at
