Dear Sir

Re: S73 application to vary conditions 1 (approved plans), 8 (sprinkler tank details), 9 (landscaping), 15 (lighting) and 16 (boundary details) of 25/1030 construction of a new sports and teaching facility including altered parking arrangements and associated landscaping and infrastructure. Amendments include relocation of sprinkler and hydrant tanks

Caerleon Comprehensive School Cold Bath Road Caerleon Newport South Wales NP18 1NF

Pl.App.No.: 26/0367

Thank you for consulting us about this application; consequently we have reviewed the detailed information contained on your website.

We previously commented on this application in our letter dated 23rd June 2026, and our understanding of the archaeological resource remains unchanged.

We note the attachment of an archaeological condition (no. 3) to application 25/1030, as well as an initial written scheme of historic environment mitigation for a watching brief (Heneb report no. 2026/010, dated March 2026) and a subsequent written scheme of investigation for archaeological mitigation (Heneb report no. FS26-049, dated June 2026).

However, the current application is for the variation of plans, sprinkler tank details, landscaping, lighting and boundary details. As such, whilst we note the additional submitted information, it remains the case that the application does relate to any archaeological constraints or conditions and we have no further comment to make at this time.

If you have any questions or require further advice on this matter please do not hesitate to contact us.

Yours faithfully

R. Dunning
