

Planning reference: Pre-App 25-0152

Proposal: Access and Land Development at Glan Llyn

Site: As above

**Public Right of Way Comments**

The following points should be considered:

1. All PROW's (as shown on the Definitive Map) are legally required to remain completely unobstructed and be clear and available for safe public use at all times (including during construction works – unless a temporary closure/diversion order is applied for and granted beforehand);
2. The PROW users must not be endangered or disadvantaged in any way by the proposals (during construction and following completion);
3. The fabric of the PROW's must not be adversely affected in any way;
4. PROW users must be protected from any vehicles/plant associated with the works. All potential conflict should be risk assessed and managed accordingly.
5. If a diversion is requested as part of the planning process it must be agreed beforehand via the Legal route which can take up to six months to grant. There is a cost attached to this and there is no guarantee the diversion will be agreed.

Cofion cynnes / Kind Regards,

**Leah Young**
