

RESPONSE IN RELATION TO SITE MEETING - 8/7/26

Attendees – Newport City Council Planning Representative, Newport City Council Tree Officer, Representative from Highmore Investments Ltd.

Updated Species

T1 – Willow [Salix]	T2 – Oak [Quercus]
T3 – Tulip [Liriodendron tulipifera]	T4 – Yew [Taxus baccata]
T5 – Rowan [Sorbus aucuparia]	T6 - Silver Birch [Betula pendula]
T7 – Mulberry – White [Morus alba]	T8 – Scots Pine [Pinus sylvestris]
T9 – Silver Birch [Betula pendula]	T10 - Rowan [Sorbus aucuparia]

AMENDMENTS TO PROPOSED WORKS IN ADDITION TO THE ORIGINAL APPLICATION

Tree 2: Oak [Quercus] – Retain - Standard maintenance, lifting of lower limbs to 2m, remove any deadwood or crossing branches as required.

Tree 3: Tulip [Liriodendron tulipifera] – Retain – Standard maintenance, remove any deadwood or crossing branches. Possible reduction due to end weight and over-extension on long branches due to structural and safety concerns. Additional Comments – remove phototropic limbs by 2-3m in line with the rest of the crown. And remove 1-2m from limbs overhanging neighbouring property.

Tree 7: Mulberry – White [Morus alba] – Retain - Standard maintenance, remove any deadwood or crossing branches. Remove 1-2m from low hanging limbs to reduce weight, in order to reduce the possibility of shearing.

FELLING – trees will be cut to ground level, treated and left to rot.

Highmore Investments Ltd - 9/7/26
