Subject: LETTER OF SUPPORT - Planning Application Ref 26/0350 - Sluice Farm, Peterstone CF3 2TN

Letter Of Support

SILURIAN

I am writing to express my full support for the planning application submitted by SGM Waste.

I have worked with SGM Waste for the past two years, during which time I have found them to be a professional and well-run business. SGM Waste is a leading waste management company in Cardiff and has been an important customer for my own business.

My business provides servicing and maintenance for SGM Waste's fleet of lorries, helping to keep their vehicles operational and on the road. The continued growth of SGM Waste has, in turn, allowed my own business to grow. As a direct result of this increased work, I have been able to employ additional staff locally, creating jobs and providing employment opportunities within the community.

Any reduction or disruption to SGM Waste's operations would therefore have a significant knock-on effect on my business. A reduction in the work I receive would directly affect my income and could make it difficult for me to maintain my current level of employment. In the worst-case scenario, if the work were to dry up, I would potentially be forced to reduce my workforce because I would no longer be able to sustain the associated wage costs.

For this reason, I strongly support SGM Waste's continued growth and development. Their success has a positive impact not only on their own business, but also on the businesses and employees that rely on them. Continued growth would allow me to continue developing my own business, employing local people and contributing to the local economy.

In my two years of working with SGM Waste, I have always found George and the company to be professional, reliable and straightforward to deal with. I have never experienced any issues with George personally or with SGM Waste as a business.

I fully support this planning application and believe that allowing SGM Waste to continue operating and growing can only have positive benefits for local businesses, employment and the wider community, as well as supporting a well-managed and sustainable waste management operation.

I respectfully ask the Council to give this application its full and favourable consideration.

Yours faithfully

Name Andy
