Hi Alun, I can confirm that is an acceptable mix of units, I'm not sure why the percentage has slipped below the 19% I wasn't aware of any viability issues but perhaps you have the details. You are correct the percentage of ACG would be 50%.

Many thanks

Hi Sally

Re the above application, the applicant is suggesting 48 (19%) Affordable Housing Units – comprising 18 x 2 bed (Over 55's) flats, 6 x 1 bed flats, 10 x 2 bed houses, 14 x 3 bed houses

Are you happy with that % and mix? Also, is it 50% of ACG? (it's just that historically I've seen various % figures quoted)

Ta, Al
