- Bulk meter
- Hydrant
- Cap end
- Air valve

- Stop tap
- Water Treatment Works
- Water Pumping Station

- Existing main
- Non-operational main
- Raw Water

NB: Water main symbol colour indicates the type.

- LIGHT BLUE - Trunk
- DARK BLUE - Distribution
- YELLOW - Raw Water

### Notes:

Whilst every reasonable effort has been taken to correctly record the pipe material of DCWW assets, there is a possibility that in some cases pipe material (other than Asbestos Cement or Pitch Fibre) may be found to be asbestos cement (AC) or Pitch Fibre (PF). It is therefore advisable that the possible presence of AC or PF pipes be anticipated and considered as part of any risk assessment prior to excavation.

Dŵr Cymru Cŵr Cymru (the Company) gives this information as to the position of its underground apparatus by way of general guidance only and on the understanding that it is based on the best information available and no warranty as to its correctness is made in the event of excavations or other works made in the vicinity of the company's apparatus. The user of this information is advised to carry out any excavations made entirely on their own. The information which is supplied by the Company is done so in accordance with statutory requirements of sections 195 and 196 of the Water Industry Act 1991 which in turn opens the best information available and, in particular, but without prejudice to the generality of the foregoing, it should be noted that the records that are available to the Company may not disclose the existence of a water main, service pipe, sewer, lateral or other underground apparatus, but before 1 September 1995, or if they do, the particular threat of the position underground may not be accurate. It must be understood that the furnishing of this information is entirely without prejudice to the provisions of the New Roads and Street Works Act 1991 and the Company's right to be compensated for any damage to its apparatus.

Service pipes are not generally shown but their presence should be anticipated.

**EXACT LOCATIONS OF ALL APPARATUS  
TO BE DETERMINED ON SITE.**
