A Heritage Impact Assessment following the guidance given in the Welsh Government document "Heritage Impact Assessment in Wales" has been submitted in support of this application.

This document correctly analyses the settings of the scheduled monuments and assesses the impact of the proposed development on it. It concludes that whilst there is a possibility of an adverse impact, the design of the building and the additional planting proposed in the application will ensure that there will be a neutral impact. We concur with this conclusion.

Yours sincerely,

Denise Harris
