Subject: RE: Planning Consultation Request for case ref: 25/0361

Hello Emma, I would have no objection to this application as the existing buildings are not likely to support roosting bats so I would not ask for a bat survey.

There may be nesting birds such as seagulls on the roof so we should remind the Applicant that nesting birds are protected under the Wildlife and Countryside Act 1981: Part 1, 1(1)(b), whereby it is an offence to intentionally take, damage or destroy the nest of any wild bird while that nest is in use or being built.

I make the assumption that the trees along the northern and western boundaries of the site will not be affected by the proposed works, so please let me know if this is not the case.

Matt

Dear Head Of City Services

Please find attached correspondence from Newport Council with regards to the above planning application submitted on 13 May 2025.

Your sincerely
Development Management
