Subject: Dragon Parc Proposed Development. No 26/0099

Hi Geraint,

I am writing to you regarding the above development.

A recent football event held at Lliswerry High School resulted in the Nash Road and Traston area being totally gridlocked with parked traffic for a whole weekend whilst the event was taking place. Cars parked everywhere and residents driveways being blocked off.

Could you please add the pictures/video that was taken of the traffic problem here to my objections which I have already raised to the Dragon Parc development, 260099?

I have also sent a separate email to you with further pictures which I would like added.

Thanks

Traston Ave
Newport

For teams who are taking part in day 2 of our festival tomorrow, the Tournify app has been updated with the pitch details.

Please remind your parents/guardians, that the car park is £3 per car and it's £3 per adult entree fee.

All children and coaches go FREE. 🔊

Cash or card accepted ✅

Please get there early as the traffic was very busy today, due to local road restrictions with delays 20/25 mins from the Aldi roundabout.

There is an alternative route to the school, from the KFC roundabout, via the Leeway Industrial Estate which should help with delays and traffic, thanks 🦎🦎❤️⚽
