

Acoustic Fencing

PCD12

Acoustic fencing has qualities which help create a barrier to noise. For this reason, acoustic fencing is often used as a boundary fence to motorways and other busy roads when they are close to residential areas.

We have a range of both Timber and Composite solutions to choose from.

Applications

Utilities
Rings Roads, Highways and Motorways
Road, Rail & Tube
Airports
Retail
Industrial Units

Product Data

Thickness	Finish	Sound Reduction			
		Distance from noise source	2.0m fence	2.5m fence	3.0m fence
