Thank you for consulting us about this application; consequently we have reviewed the detailed information contained on your website.

We previously commented on application 23/0835 in our letter dated 31st October 2023 and whilst we note the current amendments, it remains the case that the current proposal does not deal with any archaeological constraints. Therefore we have no further comment to make at this time.

If you have any questions or require further advice on this matter please do not hesitate to contact us.

Yours faithfully

R. Dunning
