8.2 In order to be permitted development, the proposal would need to accord with Schedule 2. Part 1, Class A of the Town and Country Planning (General Permitted Development) Order 1995 (as amended). Class A provides permitted development rights for the enlargement,

improvement or other alteration of a dwellinghouse. Under Class A, development is not permitted if:

- (a) as a result of the works, the total area of ground covered by buildings within the curtilage of the dwellinghouse (other than the original dwellinghouse) would exceed 50% of the total area of the curtilage (excluding the ground area of the original dwellinghouse);*
- (b) the height of the part of the dwellinghouse enlarged, improved or altered would exceed the height of the highest part of the roof of the existing dwellinghouse;*
- (c) the height of the eaves of the part of the dwellinghouse enlarged, improved or altered would exceed the height of the eaves of the existing dwellinghouse;*
- (d) the enlarged part of the dwellinghouse would be within 2 metres of the boundary of the curtilage of the dwellinghouse and—*
 - (i) the height of the eaves of any part of the enlarged part which is within 2 metres of the boundary of the curtilage of the dwellinghouse would exceed 3 metres; or*

- (f) The enlarged part of the dwellinghouse would not extend beyond a wall comprised in a side elevation of the existing dwellinghouse, and would be nearer to the highway than—*
 - (i) the wall comprised in that side elevation which is nearest to the highway; or*
 - (ii) any point 5 metres from the highway; whichever is the nearer to the highway;*
- (g) The enlarged part of the dwellinghouse would not extend beyond a wall comprised in a side elevation of the original dwellinghouse, have a single storey and—*
 - (i) exceed 4 metres in height; or*
 - (ii) have a width which exceeds the width of the widest part of the original dwellinghouse by more than 50%;*

- 8.2 The proposal would also need to comply with the conditions set out in section A.3 in relation to Class A development, which states;

A.3 Development is permitted by Class A subject to the following conditions—

- (a) the appearance of the materials used in the walls, roof or other element of any exterior work must so far as practicable match the appearance of the materials used in the majority of the equivalent element of the existing dwellinghouse;*
- (b) if any element of an upper-floor window located in a wall, roof slope or other element of a side elevation of the dwellinghouse would, if projected downwards in a vertical line to ground level, be within 10.5 metres of any boundary of the curtilage of the dwellinghouse opposite the relevant wall or roof slope, then the window must be—*
 - (i) obscure-glazed;*
 - (ii) non-opening unless any part of the window which can be opened is, when measured at any point along the lowest edge of that part, at least 1.7 metres above the internal floor or stair of the dwellinghouse directly below that point; and*

9. OTHER CONSIDERATIONS

9.1 Crime and Disorder Act 1998

Section 17(1) of the Crime and Disorder Act 1998 imposes a duty on the Local Authority to exercise its various functions with due regard to the likely effect of the exercise of those functions on, and the need to do all that it reasonably can to prevent, crime and disorder in its area. This duty has been considered in the evaluation of this application. It is considered that there would be no significant or unacceptable increase in crime and disorder as a result of the proposed decision.

9.2 ***Equality Act 2010***

The Equality Act 2010 identifies a number of 'protected characteristics', namely age; disability; gender reassignment; pregnancy and maternity; race; religion or belief; sex; sexual orientation; marriage and civil partnership.

9.3 Having due regard to advancing equality involves:

- removing or minimising disadvantages suffered by people due to their protected characteristics;
- taking steps to meet the needs of people from protected groups where these differ from the need of other people; and
- encouraging people from protected groups to participate in public life or in other activities where their participation is disproportionately low.

9.4 The above duty has been given due consideration in the determination of this application. It is considered that there would be no significant or unacceptable impact upon persons who share a protected characteristic, over and above any other person, as a result of the proposed decision.

9.5 ***Planning (Wales) Act 2015 (Welsh language)***

Section 31 of the Act clarifies that impacts on the Welsh language may be a consideration when taking decisions on applications for planning permission so far as it is material to the application. This duty has been given due consideration in the determination of this application. It is considered that there would be no material effect upon the use of the Welsh language in Newport as a result of the proposed decision.

9.6 ***Newport's Well-Being Plan 2018-23***

The Wellbeing of Future Generations (Wales) Act 2015 imposes a duty on public bodies to carry out sustainable development in accordance with the sustainable development principle to act in a manner which seeks to ensure that the needs of the present are met without compromising the ability of future generations to meet their own needs. This duty has been considered during the preparation of Newport's Well-Being Plan 2018-23, which was signed off on 1 May 2018. The duty imposed by the Act together with the goals and objectives of Newport's Well-Being Plan 2018-23 have been considered in the evaluation of this application. It is considered that there would be no significant or unacceptable impact upon the achievement of wellbeing objectives as a result of the proposed decision.
