Subject: RE: Planning Consultation Request for case ref: 25/0333

Geraint,

Thank you for asking for our comments.

We would anticipate individual premises be serviced by standard kerbside recycling and waste collection.

For recycling for each bin storage
4 x 1100 litre bins for cans plastic and paper and card
2 x 360 litre bin for glass
2x 240 litre bin for food waste

For refuse for each bin storage
4 x 1100L

From April 1st 2020, developers or owners of all new residential units will be required to purchase bin provision for each unit serviced to meet the Council's specification. 120L, 180L, 240L and 360L wheeled bins must be purchased/obtained from Newport City Council. 660L and 1100L bins can be purchased elsewhere but it is strongly recommended to speak to NCC Waste Management Refuse Management beforehand to ensure the bins fit the Refuse Department collection vehicles safely. Failure to purchase correct bin(s) will result in collections being suspended with the Council reserving the right to refuse collection until suitable bin specifications are met.

Best wishes
Concha
