Afternoon Kelsey

There appears to be no reason for the remedial works to be objected to on structural grounds. The underpinning is being done in logical sequence and will resist the planned changes to the property once completed.

The structures team therefore has no objection to this application.

Regards

John

Good afternoon,

I was wondering if you have any comments/ objections to the proposed discharging of structural calculations condition for this application. If you could get back to me with your response ASAP that would be greatly appreciate! Thank you so much! 😊

Kind regards,

Kelsey Parsons
