Informative Notes:

It is an offence to carry out any works within the public highway without permission of the Highway Authority. This consent requires the construction, improvement or alteration of an access to the public highway. Under Section 184 of the Highways Act 1980 the Highway Authority must specify the works to be carried out and only the Highway Authority or contractor approved by the Highway Authority can carry out the works. Therefore prior to commencing any works that affect the access you must contact the Council's Highway Maintenance Team for further details.
