## ARCHAEOLOGICAL PLANNING

Head of Planning and Economic Regeneration  
Newport City Council  
Civic Centre  
NEWPORT  
NP20 4UR

19th June 2026

Dear Sir

**Re: Advertisement consent for the proposed installation of 1no. New BT street hub, incorporating 2no. Digital 75" LCD advert screens**  
**BT Hub Outside Chartist Tower Upper Dock Street Newport South Wales**  
**Pl.App.No.: 26/0371**

Thank you for consulting us about this application; consequently we have reviewed the detailed information contained on your website.

We have consulted the regional Historic Environment Record and note that the proposal is located within the Newport Archaeologically Sensitive Area (ASA), and previous archaeological work has identified the remains of a medieval friary, as well as Roman remains in the vicinity. However the previous development of the current site is likely to have had an adverse effect on any potential remains that may be present.

Additionally, the current application is for the installation of a new BT street hub with two advert screens. As such the proposal is limited in scale and it is unlikely that archaeologically significant material will be encountered during the course of the proposed works.

As a result, there is unlikely to be an archaeological restraint to this proposed development and consequently, as the archaeological advisors to your Members, we have no objections to the positive determination of this application. The record is not definitive, however, and features may be disturbed during the course of the work. In this event, please contact this division of the Trust.

If you have any questions or require further advice on this matter please do not hesitate to contact us.

Yours faithfully

*R. Dunning*

Rob Dunning BSc MCIfA
