Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: I'm registering my objection to the proposal to the building of the two light industrial units and access and associated works to the CoalYard in Hathaway Street. Hathaway Street is within a highly built up residential area, where the streets are not suitable for industrial traffic. Hathaway Street is a culdisac with no free space for visitors/employees to park. Vans and lorries have to reverse out of Hathaway Street onto Dewstow Street which is a very busy road leading to Corporation Road, which already causes congestion to residents of both street. We are already inconvenience by the 24 hour usage of the site by noise created and by the activities on the premises . I also object that as a resident only two residents received letters about these plans, I believe a notice was attached to the gate informing people but was mysteriously removed after two days??

Where did you hear about this application? Not specified

Kind regards
