Your Ref: 25/1103

Dear Sir/Madam,

Grid Ref: ST335862 333639 186283

Site: Newport Cricket Club, Spyttty Boulevard, Newport

Development: DRILLING OF A BOREHOLE TO CREATE AN ALTERNATIVE WATER SOURCE TO THE CURRENT MAINS WATER SUPPLY INCLUDING THE SITING OF A BOREHOLE CABINET AND WATER STORAGE TANK FOR THE PURPOSE OF PROVIDING WATER TO IRRIGATE THE CRICKET GROUND

We refer to your planning consultation relating to the above site, and we can provide the following comments in respect to the proposed development.

As this proposal does not include any new potable water or sewerage connections we have no objection in principle. We do however raise concern of cross contamination should there be any cross connections with the proposed borehole supply and the existing potable water supply, therefore we recommend that these systems stay separate to avoid the risk of cross contamination.

With the above in mind, we would request that if you are minded to grant Planning Consent for the above development that the **Condition** below is included within the consent to ensure no detriment to existing residents or the environment and to Dwr Cymru Welsh Water's assets.

Condition

The proposed ground irrigation system shall remain separate to the potable water supply system with no cross connections.

Reason: To ensure there is no risk of cross contamination.

Our response is based on the information provided by your application. Should the proposal alter during the course of the application process we kindly request that we are re-consulted and reserve the right to make new representation.

If you have any queries please contact the undersigned on 0800 917 2652 or via email at developer.services@dwrcymru.com

Please quote our reference number in all communications and correspondence.

Yours faithfully,

Phillip Little
