Subject: Re: Planning Consultation Request for case ref: 26/0261

In respect of this, the comments provided are incorrect. It was assumed it was relating to the new bridge installation.

Comments for this application are:

Further information would be required regarding to how the proposal would drain. It is unclear if this would have drainage implication that need further investigations. If there is any construction works exceeding 100m² and there are drainage implications, SAB would need to be consulted early to ascertain what is required.

Kind Regards

NCC SAB
