Dear Sir

**Re: Conservation area consent for the demolition and re-siting of stone entrance pillars with demolition to parts of the boundary wall/fence:
46 Caerau Road, Newport.
Pl.App.No.: 25/1057**

Thank you for notifying us of this application; consequently, we have reviewed the detailed information contained on your website.

We have consulted the regional Historic Environment Record and note that the proposal is located within the Stow Park Conservation Area, although there are no known sites within the proposed development area.

The current application is for the demolition and re-siting of stone entrance pillars with demolition to parts of the boundary wall/fence. Followed by the construction of a replacement wall. Therefore it is unlikely that archaeologically significant material will be encountered during the course of the proposed works.

As a result, there is unlikely to be an archaeological restraint to this proposed development and consequently, as the archaeological advisors to your Members, we have no objections to the positive determination of this application. The record is not definitive, however, and features may be disturbed during the course of the work. In this event, please contact this division of the Trust.

If you have any questions or require further advice on this matter please do not hesitate to contact us.

Yours faithfully

Mike Jones
