Hi Jacob,

We have received information from our client regarding the onsite operations timings and parking management. See the attached email and the extracted section below, for ease.

Please let us know if you require any further information.

Many thanks,

Kate

"the nursery operates a range of session options to meet the needs of families. The core session times are as follows:

- Morning session: **7:30am – 1pm**
- Midday collection and drop-off: **1:00pm**
- Afternoon session: **1:00pm – 5:30pm**
- Full-day provision: **7:30am – 5:30pm**
- Nursery closes at **5:30pm**, although many parents begin collecting children from approximately **4:00pm onwards**, which helps stagger departures, and many parents drop off children up to 9am.

Children attend the nursery on a variety of attendance patterns. Some attend morning-only or afternoon-only sessions, others attend full days, and some attend shorter sessions, for example Flying Start sessions are **9:00am–11:30am** and **1:30pm–3:30pm**. Consequently, attendance is spread throughout the day and the maximum number of children permitted would not necessarily represent a completely different group of children attending each session.

With regard to parking arrangements, staff will be required to park off-site and will not utilise the nursery car park. This ensures that the on-site parking spaces remain available for parents and carers during drop-off and collection periods. In addition, the staggered nature of arrivals and departures throughout the day reduces peak parking demand and assists with the effective management of traffic within the site."
