FORMAL PETITION OF OBJECTIONS TO PROPOSED DEVELOPMENT

We, the undersigned residents of Traston and the wider community, hereby formally object to the proposed development comprising the construction of a 3G synthetic sports pitch, spectator viewing areas (including two seating stands of 125 seats each), a TV gantry, changing facilities, parking areas, access improvements and associated works at Spytty Boulevard, Newport International Sports Village.

Whilst we recognise the importance of community sporting provision, we consider that this proposal, by reason of its scale, close proximity to residential properties, intensity and nature would result in unacceptable adverse impacts on the amenity, character and safety of the surrounding residential area.
