Prynhawn da/ Good Afternoon

Thank you for consulting Natural Resources Wales on the above application.

We have reviewed the planning consultation 26/0012, the discharge of conditions 2 (Foul drainage), 6 (Front Boundary details) of 23/1150 change of use and extension to existing chapel building to form a single dwelling.

We have no record of being consulted on the original planning application 23/1150. We therefore do not have any comment to make on the discharge of these conditions.

Please note, our decision not to comment does not rule out the potential for the proposed development to affect other interests, including environmental interests of local importance.

The applicant should be advised that, in addition to planning permission, it is their responsibility to ensure they secure all other permits/consents relevant to their development.

We trust the above information is of assistance however, should you have any queries or if there is something specific you are seeking our advice on, please re-consult us stating what you require our specific advice on.

Cofion cynnes/ Kind regards  
Gemma James
