Hello Harpreet, the works to the trees are relatively minor so I do not see there is justification for asking for a bat survey on this occasion. Birds are nesting at the moment so the Applicant should be reminded to avoid disturbance to nesting birds which are protected under the Wildlife and Countryside Act 1981: Part 1, 1(1)(b), whereby it is an offence to intentionally take, damage or destroy the nest of any wild bird while that nest is in use or being built.
