Dear Sir

Re: Proposed front dormer
St Helens Chapel Road Goldcliff Newport NP18 2AW
Pl.App.No.: 26/0145

Thank you for consulting us about this application; consequently we have reviewed the detailed information contained on your website.

We have consulted the regional Historic Environment Record and note that the proposal is located in an area of high archaeological potential. It is within the Newport Archaeologically Sensitive Area (ASA), as well as the Gwent Levels Registered Historic Landscape, specifically the Nash/Goldcliff Character Area (HLCA001). Whilst there are no known archaeological sites within the proposed development area, there are significant structures in the immediate vicinity, including St. Mary Magdalene's Churchyard Cross, a Scheduled Monument (Cadw ref. MM313)

However, the current application is for a front dormer. Therefore it is unlikely that archaeologically significant material will be encountered during the course of the proposed works.

As a result, there is unlikely to be an archaeological restraint to this proposed development and consequently, as the archaeological advisors to your Members, we have no objections to the positive determination of this application. The record is not definitive, however, and features may be disturbed during the course of the work. In this event, please contact this division of the Trust.

If you have any questions or require further advice on this matter please do not hesitate to contact us.

Yours faithfully

R. Dunning
