Details of the pre-application advice received

Key points of advice were as follows:

Set Back and Roof Design

- 1) The extension should be set back at least 1m from the front elevation to comply with the House Extensions and Domestic Outbuildings SPG (January 2020).
- 2) The roof should be stepped down below the main ridge to ensure the extension appears subordinate to the host dwelling.

Impact on Neighbouring Property

- 3) Potential impact on the neighbour's side-facing habitable window was identified, particularly in relation to loss of light and overbearing effect. This would be reviewed at full application stage, including a site visit and orientation assessment.
- 4) Boundary Spacing

Parking and Highways

- 5) Concern was raised over the loss of off-street parking. The property should be capable of providing three spaces under adopted Parking SPG.

Any application would need to be supported by a parking assessment and sustainability appraisal to demonstrate that on-street parking can safely accommodate any overspill.

Ecology

- 6) As the works involve roof alterations, a Bat Advisory Note would likely be required, although no full survey was considered necessary

Addressing the above points made:

- 1) Extension will be set back to 1m
- 2) Roof will be stepped down
- 3) Impact to neighbouring property anticipated to be minimal due to elevation difference
- 4) Boundary spacing utilised- full access through property considered and planned
- 5) No loss of off-street parking. Current space adjacent to property does will allow vehicle access to due to width and gradient of slope. Additional car parking was added to property 5 years ago through driveway extension.
- 6) Accept to have eco notice as required

Authority Employee/Member

With respect to the Authority, is the applicant or agent one of the following:

- (a) a member of staff
- (b) an elected member
