Description of Proposed Works

Please describe the proposed works

Disabled access works for the home owner to allow them safe access in and out of the property.
Ramping to exceed 300mm threshold.

Works to include removal of existing steps and galvanised steel grab rail in preparation for the installation of modular ramping system and level access door. The modular ramping will be constructed from galvanised steel, consisting platforms with mesh sheeting to allow water drainage and prevent any pooling. The ramp will include handrails at a height of 900mm and 100mm upstands for additional safety. All handrails will be powder coated with a 'warm touch' finish. Ramping to be of a gradient of 1:12 from finished internal floor level to the appropriate finished external floor level.
