Hedgerow Removal Notice

Please state the reasons for the proposed removal of hedgerow(s)

The hedge has become ineffective as a boundary treatment and has contributed to persistent fly-tipping and unauthorised access. Its form and density allow concealment and easy access, resulting in repeated environmental harm, safety concerns, and ongoing clean-up and maintenance issues.

The removal of the hedge is necessary to enable improved boundary management and to deter further fly-tipping. A replacement fence will be installed along the same boundary; however, this will be under 1 metre in height and therefore does not require planning permission.

The proposal represents a proportionate response to a longstanding problem, and the benefits of preventing ongoing fly-tipping and improving site safety outweigh the loss of the hedge.

Please state the reference number of the plan(s) showing the stretch(es) of hedgerow(s) to be removed
