Hi Marnie, I have no objection to this application. There may be some removal of small ornamental bushes as part of the landscaping scheme, so the Applicant should be reminded that these bushes may support nesting birds. These are protected under the Wildlife and Countryside Act 1981: Part 1, 1(1)(b), whereby it is an offence to intentionally take, damage or destroy the nest of any wild bird while that nest is in use or being built. This can be avoided by removing any vegetation outside the bird nesting season.
