Subject: RE: 25/0261 Planning Committee

Hi

I think this case should be considered by the committee because of the way in which the facts are disputed. And I think this case needs to have a full airing in committee.

If officers are inclined to refuse then I will relay that to the resident. i.e. That I requested that it be considered by committee and it was refused.

Can you give me some examples of cases that have been refused an opportunity to be considered by the committee?

Thanks
Yvonne

Subject: 25/0261 Planning Committee

Good Afternoon Councillor,

I note you have called application 25/0261 to the Planning Committee subject to the application being refused, on grounds of transparency, because of the planning history, and because of the unusual characteristics.

Would you be able to provide some information on the unusual characteristics of the site as part of the reasoning please?

Kind regards,
