Details of the pre-application advice received

The officer was satisfied that the proposals would not result in an adverse impact to neighbouring amenity by way of noise and disturbance. Conditions restricting the number of customers and the hours of operation would be attached to any forthcoming planning permission in the interests of neighbouring amenity.

There are concerns in relation to parking demand given the absence of any off-street parking serving the property. Excessive parking can impact residential amenity and highway safety. A formal application should be supported by a parking survey which demonstrates there is capacity for customer vehicles to be accommodated on-street.
