**Subject:** Application 17/0208

Good Morning Geraint,

I have no objection with regard to Application 17/0208. However, I comment as follows;

- Whilst separate to planning, relevant consent should be obtained if work is undertaken to modify an existing watercourse, i.e. Ordinary Watercourse Consent.
- I suggest construction details are provided of the proposed reen/watercourse, i.e. to show construction details.

Regards

Matthew
