Subject: Nursery application

Hi im emailing in regards to the change if business application for 100 Somerton road Newport.

As a nearby resident I would like to comment that this business is not only needed in this area as there are limited children's nursery's in this postcode but it is also a lovely business to be used in the premises. After seeing constant vape shops, barbers, and kebab shops everywhere the nursery is a welcome new business that will be appreciated by the community. Regards
