Dear Sir/Madam

Re: Partial Discharge of Condition 2 (Contamination) and 5 (Written Scheme of Historic Investigation) of 21/0983 Proposed Development of 122no. Dwellings, Two Commercial Units (A1 And A3 Use Classes) and Associated Works Including Landscaping, Sustainable Drainage, Car and Cycle Parking: Car Park, Adjacent Endeavour House, Usk Way, Newport. Pl.App.No.: 26/0605.

Thank you for consulting us regarding this application; consequently we have reviewed the detailed information on your website.

We note the submission of a Written Scheme of Investigation (WSI), which has been prepared by EDP (dated July 2026, referenced edp9820_r001a) on behalf of the applicant in order to meet Condition 5 attached to the above planning consent. The document meets the current professional standard for an overarching WSI. When the field archaeologist is engaged, we would expect the submission of a Method Statement to supply the detail of staffing, specialists, insurances, archiving, H&SRA, etc.

The overarching scheme meets current professional archaeological standards and is therefore acceptable, and the condition can be partially discharged.

We recommend that the applicants should not be fully discharged from their responsibility to ensure that the work is carried out until the completion of all of the archaeological work, which will be confirmed when the final report is submitted to you.

If you have any questions or require further advice on this matter please do not hesitate to contact us.

Yours faithfully

Judith Doyle
