

SOUTH ELEVATION

Architectural drawing of the South Elevation of the Church of the Holy Spirit. The drawing shows the main facade and a tall bell tower. Key features include:

- Main Facade:** A large central window with a decorative tracery, flanked by smaller windows. The roof is marked with an elevation of 65.30. The material is labeled as "Stone".
- Bell Tower:** A tall, narrow tower with a crenellated top. It features a large arched window and a smaller window below. The material is labeled as "Stone". A flag pole is indicated at the top with an elevation of 69.57.
- Side Wing:** A smaller structure to the right of the main facade, also labeled "Stone". It has a gabled roof with an elevation of 58.03.
- Roofs:** Various roof sections are labeled with elevations: 54.85, 58.03, and 69.57.
- Materials:** "Stone" is the primary material for the walls. "Brick chimney" is labeled on the left side.
- Other Labels:** "Light", "Gate", "Flag pole", and "Lower ground level set back from building footprint" are also present.

Architectural drawing of the East Elevation of the Church of the Holy Spirit. The drawing shows a stone building with a gabled roof. On the left is a small tower with a flag pole. The main body of the church has a series of arched windows and a central entrance. The roof is labeled 'Shale shingles'. The drawing includes various labels for materials and features, such as 'Stone', 'RWP', 'Flag pole', 'Shale shingles', 'Gable end', 'Light', 'Gate', 'Stone wall', and 'Fence in foreground'. A scale bar at the bottom indicates a length of 0' 0" to 10' 0".
