Dear Sir

Re: Replacement of windows

St Woolos Court Clifton Place Newport NP20 4EX

Pl.App.No.: 26/0206

Thank you for consulting us about this application; consequently we have reviewed the detailed information contained on your website.

We have consulted the regional Historic Environment Record and note that the proposal is located within the Newport Archaeologically Sensitive Area (ASA). There are significant archaeological features to the south, including St Woolos' Cathedral, although there are no known sites in the development area. Furthermore modern aerial photography suggests that the standing building is of relatively limited archaeological significance.

Additionally, the current application is for the replacement of windows. Overall, it is unlikely that archaeologically significant material will be encountered during the course of the proposed works.

As a result, there is unlikely to be an archaeological restraint to this proposed development and consequently, as the archaeological advisors to your Members, we have no objections to the positive determination of this application. The record is not definitive, however, and features may be disturbed during the course of the work. In this event, please contact this division of the Trust.

If you have any questions or require further advice on this matter please do not hesitate to contact us.

Yours faithfully

R. Dunning
