Subject: RE: Planning Consultation Request for case ref: 25/0453

Dear Geraint,

I have no comments in respect of the above application in terms of air quality.

In terms of contaminated land, I recommend inviting NRW to comment concerning any potential issues around contamination to controlled waters relating to the temporary weirs. I do note however that the applicant appears to have been granted permission for some / all of the works from NRW. Certainly, worth confirming that this is the case though and that they have no outstanding concerns.

Cofion gorau / Kind regards,
