Subject: RE: Planning Consultation Request for case ref: 26/0099

Hello,

At this time I object to the application due to a lack of tree information. A BS 5837 compliant survey and protection plan will be required.

It is likely the car park to the north east will impact the RPA of the willow. If this is the case then suitable mitigation methods to prevent harm to the RPA will be required a no dig solution like a cellular confinement system would be required.

Cofion Cynnes / Kind Regards,

Richard Baron
