Thank you for re-consulting Cyfoeth Naturiol Cymru (CNC)/Natural Resources Wales (NRW) about the above, which we received on 28 January 2025.

We have no objection to the application as submitted and provide the following advice.

Condition 2

The submitted plans confirm the finished floor levels of the development shall be set no lower than 9.2m AOD for the car park, 9.3m AOD for the proposed apartment building, 7.92m AOD for the bin storage area, and the site access shall be ramped from 7.6m AOD to 9.2m AOD. Therefore, we have no objection to the discharge of condition 2 of 22/1033.

Condition 4

We have reviewed the amended Piling Risk Assessment Report by Terra Firma (24th January 2025). We are satisfied with the additional information provided in relation to the proposed monitoring programme during the piling activities. Therefore, we have no objection to the discharge of condition 4 of 22/1033.

We have no comments to make in relation to the discharge of conditions 9, 10, 11, 12, 13, and 14 of 22/1033.

Other Matters

Our comments above only relate specifically to matters included on our checklist, *Development Planning Advisory Service: Consultation Topics* (September 2018), which is published on our [website](#). We have not considered potential effects on other matters and do not rule out the potential for the proposed development to affect other interests.

We advise the applicant that, in addition to planning permission, it is their responsibility to ensure they secure all other permits/consents/licences relevant to their development. Please refer to our [website](#) for further details.

If you have any queries on the above, please do not hesitate to contact us.

Yn gywir / Yours faithfully,

Sarah Lund
