Hi Grant,

We can confirm that all surface water discharges to the local watercourse and not to the combined sewer.

Kind regards,

Good Afternoon Emma,

Further to my email below sent at the end of January, are you able to confirm where the surface water would discharge to? This application is due to expire on 27th Feb, if I have not received any information from you prior to this date then I will need to determine this application based on the information I currently have.

Kind Regards,

Grant
