Hi Marnie

Re: PRIOR NOTIFICATION FOR AN AGRICULTURAL DEVELOPMENT
(CONCRETE WALLED SILAGE CLAMP AND ASSOCIATED DRAINAGE)

The proposed is a low-level structure (with associated underground drainage) within a large working farmstead. There are no built heritage assets within the vicinity. Therefore, I have no concerns from a built heritage perspective.

However, considering the location of the proposed within the Archaeologically Sensitive Area of the Gwent Levels, I would recommend that you ensure ensure a response from GGAT is received and considered.

Many thanks,
