

Delegated Decision Report

Application No:	25/0394	Statutory Period Expires:	20th August 2025
------------------------	----------------	----------------------------------	-------------------------

Site:	23 Delphinium Road Rogerstone Newport NP10 9JF		
Proposal:	DEMOLITION OF EXISTING CONSERVATORY AND REPLACEMENT WITH A SINGLE STOREY EXTENSION, INCLUDING BIFOLD DOORS AND VELUX WINDOWS		
Applicant:	S Sullivan		
Type:	Full	Ward:	Rogerstone West
Decision:	Granted with Conditions		

1. BACKGROUND

1.1 None.

2. SITE LOCATION AND CONTEXT

2.1 The application site is a detached property situated in the Rogerstone West ward. The application site is situated within Flood Zone 2 and Parking zone 4. The host property currently benefits from a conservatory to the rear.

3. DESCRIPTION OF DEVELOPMENT

3.1 The application seeks consent for the construction of a single storey rear extension, which would replace an existing conservatory. The extension would have a depth of 3.7m and a width of 4.9m. The height would be 2.9m to the eaves and 3.22m to the ridge of its lean to roof. Fenestration includes 2no. rooflights, a window on the north western elevation and a set of bifold doors allowing access to the rear garden. Materials would match the existing.

4. RELEVANT SITE HISTORY

App Number	Proposal	Decision	Decision Date
22/0527	CONVERSION OF INTEGRAL GARAGE TO HABITABLE ACCOMMODATION	GRANTED WITH CONDITIONS	25.08.2022

5. PLANNING POLICY

5.1 THE NATIONAL DEVELOPMENT FRAMEWORK: FUTURE WALES - THE NATIONAL PLAN 2040

Future Wales sets out the Welsh Government's land use priorities and provides a national land use framework for SDPs and LDPs. Future Wales concentrates on development and land use issues of national significance, indicating areas of major opportunities and change, highlighting areas that need protecting and enhancing and helping to co-ordinate the delivery of Welsh Government policies to maximise positive outcomes.

Policy 1 - Where Wales Will Grow

Policy 2 - Shaping Urban Growth and Regeneration - Strategic Placemaking

Policy 9 - Resilient Ecological Networks and Green Infrastructure

5.2 PLANNING POLICY WALES (EDITION 12) 2024

3.3 - Good design is fundamental to creating sustainable places where people want to live, work and socialise.

3.4 - Meeting the objectives of good design should be the aim of all those involved in the development process and should be applied to all development proposals at all scales.

5.3 NEWPORT LOCAL DEVELOPMENT PLAN (2011-2026)

5.3.2 Policies GP2 (General Amenity), GP4 (Highways and Accessibility), GP5 (Natural Environment) and GP6 (Quality of Design) of the Newport Local Development Plan 2011-2026 (Adopted January 2015) are relevant to the determination of this application.

5.4 SUPPLEMENTARY PLANNING GUIDANCE

5.4.1 The House Extensions and Domestic Outbuildings Supplementary Planning Guidance (Adopted January 2020) is also relevant.

6. CONSULTATION RESPONSES

6.1 None.

7. PUBLIC REPRESENTATIONS

Neighbour and Ward member notification letters were sent on 26.06.2025.

7.1 NEIGHBOURS: 5no. neighbours were consulted. No representations were received.

7.2 GRAIG COMMUNITY COUNCIL: No representations received.

8. ASSESSMENT

8.1 Principle of Development

8.1 The application site comprises an existing residential dwelling that is located within a settlement boundary as designated by the maps contained within the Newport Local Development Plan 2011 – 2026 (Adopted January 2015). Therefore, the principle of development is accepted.

8.2 Visual Amenity

8.2.1 The SPG The adopted House Extensions and Domestic Outbuildings SPG states that wherever possible extensions should be built on the rear or lesser important elevations of properties and the size and form should be appropriate to the main building and the space around it. Accordingly, the extension is of modest scale and would appear subservient to the main dwelling house. It is also advised that an extension adopts the roof form of the host dwelling. The proposed extension has a mono-pitched roof, which would match the pitched roof of the host dwelling. It is not anticipated that there would be a detrimental impact on the character and appearance of the host dwelling wider street scene. It is anticipated that the proposals are in accordance with policy GP6.

8.3 Residential Amenity

8.3.1 Given the scale of the development proposed, and as the extension is replacing an existing conservatory, it is not anticipated that there would be a detrimental impact on the residential amenity of neighbouring occupiers.

8.5 Biodiversity

8.5.1 Policy 9 of Future Wales states that in all cases, action towards securing the maintenance and enhancement of biodiversity (to provide a net benefit), the resilience of ecosystems and green infrastructure assets must be demonstrated. Policy GP5 of the NLDP supports this and states that proposals will be expected to maintain, protect and enhance ecological networks and features of importance for biodiversity. The submitted information does not include a biodiversity enhancement scheme. However given the limited nature of the works, these details could be secured via a suitably worded condition.

8.5.2 In accordance with Chapter 6 of PPW 12 due regard has been given to the fact that the application should be accompanied by a Green Infrastructure Statement, however given the scale of the development proposed it is not considered proportionate to request one in this instance.

9. OTHER CONSIDERATIONS

9.1 *Crime and Disorder Act 1998*

Section 17(1) of the Crime and Disorder Act 1998 imposes a duty on the Local Authority to exercise its various functions with due regard to the likely effect of the exercise of those functions on, and the need to do all that it reasonably can to prevent, crime and disorder in its area. This duty has been considered in the evaluation of this application. It is considered that there would be no significant or unacceptable increase in crime and

disorder as a result of the proposed decision.

9.2 ***Equality Act 2010***

The Equality Act 2010 identifies a number of 'protected characteristics', namely age; disability; gender reassignment; pregnancy and maternity; race; religion or belief; sex; sexual orientation; marriage and civil partnership.

9.3 Having due regard to advancing equality involves:

- removing or minimising disadvantages suffered by people due to their protected characteristics;
- taking steps to meet the needs of people from protected groups where these differ from the need of other people; and
- encouraging people from protected groups to participate in public life or in other activities where their participation is disproportionately low.

9.4 The above duty has been given due consideration in the determination of this application. It is considered that there would be no significant or unacceptable impact upon persons who share a protected characteristic, over and above any other person, as a result of the proposed decision.

9.5 ***Planning (Wales) Act 2015 (Welsh language)***

Section 31 of the Act clarifies that impacts on the Welsh language may be a consideration when taking decisions on applications for planning permission so far as it is material to the application. This duty has been given due consideration in the determination of this application. It is considered that there would be no material effect upon the use of the Welsh language in Newport as a result of the proposed decision.

9.6 ***Newport's Well-Being Plan 2018-23***

The Wellbeing of Future Generations (Wales) Act 2015 imposes a duty on public bodies to carry out sustainable development in accordance with the sustainable development principle to act in a manner which seeks to ensure that the needs of the present are met without compromising the ability of future generations to meet their own needs. This duty has been considered during the preparation of Newport's Well-Being Plan 2018-23, which was signed off on 1 May 2018. The duty imposed by the Act together with the goals and objectives of Newport's Well-Being Plan 2018-23 have been considered in the evaluation of this application. It is considered that there would be no significant or unacceptable impact upon the achievement of wellbeing objectives as a result of the proposed decision.

10. **CONCLUSION**

10.1 The proposal would not have a detrimental impact on the character of the host property and it would preserve the amenities of nearby occupiers. The proposal is therefore in accordance with the aforementioned policies, and as such is considered acceptable.

11. **DECISION**

GRANTED WITH CONDITIONS

01 The development shall be implemented in accordance with the following plans and documents: 2501-MRT-00-ZZ-DR-A-020002_S7_P01 - Proposed_Extension_Drawings_GA, 2501-MRT-00-ZZ-DR-A-020001_S7_P01 - Proposed_Demolition_Drawings_GA, 2501-MRT-00-00-DR-A-010001_S7 - Existing_and_Proposed_Ground_Floor_Plans_GA(1), Site Location Plan
Reason: In the interests of clarity and to ensure the development complies with the submitted plans and documents on which this decision was based.

02 Prior to the commencement of development, a biodiversity enhancement scheme shall be submitted to and approved in writing by the Local Planning Authority. The biodiversity enhancement scheme shall be implemented in accordance with the approved plans prior to the first beneficial use of the development hereby approved and retained as such for the lifetime of the development.

Reason: In the interest of protected species, in accordance with Policy 9 of Future Wales and Policy GP5 of the Newport Local Development Plan 2011-2026 (adopted January 2015).

NOTE TO APPLICANT

01 The development plan for Newport is the Newport Local Development Plan 2011 – 2026 (Adopted January 2015). Policies GP2, GP4, GP5, and GP6 were relevant to the determination of this application.

02 The Council's Supplementary Planning Guidance – House Extensions and Domestic Outbuildings (January 2020) was relevant to the determination of this application.

03 Due to the minor nature of the proposed development (including any demolition) and the location of the proposed development, it is considered that the proposals did not need to be screened under the Environmental Impact Assessment Regulations.
