Ageing Well In Newport Delivery Plan

Section 1: Introduction

The national Ageing Well in Wales program was launched by the Older Person's Commissioner in 2014. The program identifies 5 priority themes to improve the lives of older people. Phase 1 relates to 2014-15 and Phase 2 relates to 2016-18.

The five Ageing Well in Wales priority areas are:

- **Age Friendly Communities**
Older people in Newport will not be discriminated against because of their age and will have access to information, services and opportunities and participate and contribute to their communities. They will find public places accessible and welcoming and have housing that supports their needs and promotes independence.
- **Dementia Supportive Communities**
Older people have opportunities to promote wellbeing and enjoy good physical, mental and emotional health with the aim of being able to live independently for longer, with a good quality of life.
- **Falls Prevention**
Older people are able to access a range of falls prevention initiatives
- **Opportunities for Employment and New Skills**
Older people who want to work are able to do so in Newport and can access help with re-skilling and retraining and accessing activities.
- **Loneliness and Isolation**
Older people in Newport may enjoy social participation assisted by affordable transport, have an adequate standard of living and income and access any benefits they are entitled to maximise financial inclusion

2. National Policy Direction

The Ageing Well Program compliments the three overarching outcomes within the ***Strategy for Older People in Wales 2015-20 Phase 3, Living Longer, Ageing Well.*** This sets out to ensure that all older people in Wales have the Financial, Environmental and Social Resources to Age Well.

The Ageing Well in Newport Delivery Plan sets out how the five priority areas of the Ageing Well in Wales programme will be used to deliver against the *Strategy for Older People in Wales* Phase 3 outcomes at local level.

These national priorities are integrated in the ***One Newport Single Integrated Plan*** local priorities: Supporting Families, Economy and Place and Independent Living.

.

Local Drivers: One Newport is the city's **Public Service Board (PSB)** where local public, private and third sector organisations work together to ensure services are effective, focused on local people and improve the quality of life in the city.

Single Integrated Plan (SIP) Feeling Good about Newport.

The Single Integrated Plan or SIP sets out the role of local government and their partners in helping to improve services by working together to plan, work, deliver, and improve outcomes.

Details can be found here **One Newport SIP 'Feeling Good About Newport'**

Newport's Single Integrated Plan was developed around three core local priority themes that were determined by a robust evidence base in the form of a population **Unified Needs Assessment**. The three priority themes are as follows:

- Economy and Skills
- Health and Wellbeing
- Safe and Cohesive Communities

There are also 2 overarching themes, Tackling Poverty and Vulnerable Groups.

One Newport's Vision

"Working together to create a proud and prosperous city with opportunities for all"

Outcomes

- People in Newport achieve their full potential
- Newport has a prosperous and thriving economy
- People in Newport are healthy and thriving
- People in Newport live in a safe and cohesive community
- Newport is a distinctive and vibrant city

3: Local Demographics

Newport City is an urban town and consists of 20 designated wards and 14 community councils. There are 3 NCN's (neighbourhood care Networks), Newport East, West and North. The city has a population of 146,841 of which 25,451 are people aged over 65 years (17.33% of the population). The household dwelling count is 63,445. (ONS, 2014). The Welsh index of multiple deprivation shows significant pockets of deprivation and ill health exist in some wards.

More information on Newport's Ward Profiles can be found here:

<http://www.newport.gov.uk/documents/NewportAtlas/WardProfiles/2015/OVERVIEW.pdf>

Section 3: Governance Arrangements – reporting mechanisms

Progress will be reported to the One Newport LSB via the relevant thematic work groups; Economy and Skills, Health & Wellbeing, Safe and Cohesive Communities.

Section 4: Priorities for Action - The Ageing Well in Newport Delivery Plan outlines how the Action Plan will be implemented and progress against making Newport more age friendly.
